Programs & Information

Munchkin Camp
Munchkin Camp introduces 5 to 7-year-old children to the game of tennis through a variety of fun, skill-building activities. Players learn the fundamental stroke production and the "ABCs" of tennis (Agility, Balance and Coordination). Participants will play on 36ft courts. Each week will have its own theme and will incorporate both on court and off court education.

Legacy Training Camp (LTC)
Players in LTC will prepare to compete in district and sectional level tournaments. Players will focus on techniques and conditioning in the morning and work on strategy, point-play and shot selection in the afternoon. LTC players will also rotate through classroom sessions in the afternoon for video-based training and mental conditioning. Players are grouped on court based on their clinic placement and skills.

Legacy Training Camp Elite (LTCE)
LTC Elite is designed to help every participant reach their full potential by providing top-tier coaching from Legacy's senior coaching staff at our state-of-the-art facility while bringing together the most skilled and hard-working players in the area to compete against and support one another. Coaches will stress proper footwork, shot selection, situational point-play, physical, and mental fitness and maximum effort at all times. Players are grouped on court based on their clinic placement and skills. (for current TT1 players, and invitation only for everyone else. In addition, once again this year there will be 7+ UTR groupings.
